1INTRODUCTION

1.1 Overview

* **Economic freedom is the fundamental right of every human to control his or her own labor and property.**

* **In an economically free society, individuals are free to work,produce,consume and invest in any way they Please.**

* **An index of economic freedom analysis compares the jurisdiction against each other for various aspects such as trade freedom,judicial e ectiveness and tax Burden.**

1.2 Purpose

* **This helps in rising income and consumption for the Bulk of the population.**

* **It measures the `economic freedom' or the ability of Individuals to make their own economic decision in a Country by analysing policies and institutions of these Countries.**

* **Economic freedom means that people can engage in trade with any person of their choosing.If the Government taxes or otherwise prevents people**

* **from buying or selling with people in other countries,it Reduces their freedom.**

2 PROBLEM DEFINITION & DESIGN THINKING

4 ADVANTAGES & DISADVANTAGES

ADVANTAGES

* It is the most conducive to widespread prosperity.

* Nations with greater economic freedom have stronger economies,with Higher gross domestic product per person.

* Citizens in countries that are economically free enjoy twice as much Formal education on average as those in economically repressed Nations.

* Free trade is a key element of economic freedom.Countries that Embrace free trade enjoy more prosperity as a result.

DISADVANTAGES

* There are of course extreme cases when economic freedom cannot Be deemed beneficial because large costs are imposed upon third Parties who are not or cannot be compensated.

* Creates scarcity due to an inability to plan for individual needs.

* A free market economy requires consumption to survive.

* Equality doesn`t always equate to equal opportunities.

5 APPLICATIONS

* Areas where the economic freedom focuses on include Health,education,working conditions,and market conditions.

* **Developing of economic freedom analysis seeks to understand and Shape macro and micro economic policies in order to lift poor Countries out of poverty.**

6 CONCLUSION

We came across a lot of countries economic status and their trade Freedom and we used the data to create a graph to find economic Score,unemployment rate,financial freedom and GDP growth rate of Countries.

7 FUTURE SCOPE

We have expressed our thoughts and ideas in our project.By reducing the Tax and by increasing the job vacancies we could enhance our economic freedom.
